Culture in Vietnam

Vietnamese culture, one of the oldest in the world, has developed over nearly 4,000 years, shaped by both indigenous traditions and external influences. While Chinese domination left significant marks on Vietnam, particularly in philosophy and governance, the culture has retained its own identity, originating from the ancient Nam Viet kingdom and the Dong Son civilization. Throughout history, Vietnam has absorbed elements from neighboring Champa and Khmer cultures, as well as from French colonization, which introduced the Latin alphabet and Western architecture. Today, Vietnam's culture reflects a blend of its deep-rooted traditions and global influences, with strong values of family, ancestor worship, and community.

Natural Vietnam

Breathtaking landscapes appear at every turn in Vietnam. From the window of a trundling train you'll witness an endless patchwork of impossible-green rice paddies, while in Halong Bay a horizon studded with incisor-like limestone islands makes an ethereal sight. From Mui Ne in the deep south, where you can wonder at a Sahara-esque scene of wind-sculpted sand dunes from the basket of a hot-air balloon, to the stupendous karst mountains of the far north, Vietnam offers up a bewitching array of superlative landscapes.

Festival in Vietnam

Vietnam is home to a vibrant cultural landscape, and its festivals provide an authentic glimpse into the country's deep-rooted traditions and communal spirit. Celebrating everything from historical victories to religious beliefs and agrarian customs, Vietnam's festivals are filled with colorful rituals, lively performances, and heartwarming moments of community gathering. Whether you're exploring ancient temples or taking part in modern-day street parades, festivals in Vietnam offer a rich blend of history, spirituality, and joy.

Culinary in Vietnam

While Vietnamese cuisine abroad still flies under the banners of "Pho" and "Banh Mi", the full spectrum of Vietnamese food is a symphony of delightfully textured, bright and piquant flavors. The Vietnamese love their food and cooks make the most of each region's abundance of produce and special ingredients to make their meals. Northern food is known for its simplicity; the dishes of central Vietnam are generous in spice and quantity; Southerners like to add sugar. Wherever you travel across the country, you're sure to eat well.

The original "River of Thousand Lingas", Kbal Spean is an intricately carved riverbed deep in the foothills of the Cambodian jungle. Visit to Banteay Srei temple (10th century), regarded as the jewel in the crown of classical Khmer Art. Then continue your visit to Banteay Samre, built in the third quarter of the 12th century. It consists of a central temple with four wings preceded by a hall and accompanied by two libraries, the southern example remarkably well preserved. Overnight at a hotel in Siem Reap.

DAY 13: SIEM REAP TOUR (B, L)

After breakfast at your hotel, we continue to visit the fabulous Ta Prohm - The Ancestor Brahma & Jungle Temple, famously known as the Tomb Raider temple. Most of this temple is covered by gigantic trees that have grown over the ancient structures for over 600 years. Ta Prohm has been left untouched by archaeologists except for the clearing of a path for visitors and structural strengthening to stave off further deterioration. Afternoon - visit Kravan, Royal Bath of Srah Srang, and Banteay Kdei temples. Overnight at a hotel in Siem Reap.

DAY 14: SIEM REAP DEPARTURE (B)

Breakfast at the hotel, then we set off to Kompong Khleang village – the largest floating village located at the edge of Tonle Sap Lake, about 45 km from Siem Reap town. On the way, we taste a few bites of bamboo sticky rice – a famous Cambodian traditional snack and observe incense making (seasonal). Arrived at the village, we embarked on a private sheltered boat to discover amazing stilted houses standing over 8-10 high poles, witness daily life animated by the highlights of fishing activities, see a lot of morning trading on boats, learn how life works on the water and fishing techniques, and admired by the floating community on Tonle Sap Lake. Free at your own leisure time for rolling at local markets or shopping until transfer to Siem Reap International Airport for departure to the next destination. End of our services!

VIETNAM USEFUL INFORMATION

CLIMATE

Although Vietnam is located entirely within the tropical zone, its climate exhibits surprising variations across different regions.

In the North, spanning from Sapa to Hanoi, there are distinct four seasons: Spring, Summer, Autumn, and Winter.

In the Central region, extending from Nha Trang to Hue, you can expect abundant sunshine throughout the year, except during November and December when heavy rainfall occurs. Dalat, situated at an elevation of 1500m, offers a cooler climate compared to the coastal areas, especially from November to March. Both Da Nang and Hue experienced typhoon activity from mid-October to mid-December, resulting in cooler, cloudier, and wetter conditions.

In the South, stretching from Ho Chi Minh City to Phan Thiet, there are primarily two main seasons: the wet season, occurring from April to September, characterized by brief, intense showers, and the dry season, spanning from October to March, featuring higher temperatures, long hours of sunshine, and cooler nights.
